Empathic Frequency Holders! (EMQ's)

Hey this is Judy, and I AM an Empathic Frequency Holder or EMQ©. And I must admit, being an EMQ has not always been easy! I don't know about you, but I didn't come in with instructions. In fact, it took many years of seeking truth and knowledge to learn the best ways to use and manage my empathic energetic abilities in order to become an EMQ. And even though this has been quite a long journey, it is not over!

I know that I am here on the earth, at this time, to transmute and anchor in the higher vibrational frequencies. It's what I have a passion for, and I fully embrace this purpose. And right now, I am being called to share what I have discovered and practice in order to assist other EMQ's on their own journeys too!

On the rising of the new earth, the role of the frequency holder is just as vital as that of the creators, the doers, the reformers. Their function is to anchor the frequency of the new consciousness on the planet. They are here to generate consciousness through the activities of daily life, through their interactions as well as through "just being".
